

RESIDENTS & FAMILY MEMBERS

Cherished Hopes is a program provided by the ND Long Term Care Association to assist facilities with granting wishes to residents and tenants in long term care facilities.

Every resident or tenant has a *hope* or a *dream*.....Something they would like to *do*. Somewhere they would like to *go*. Somebody they would like to *see*.

Facilities might not always have the means to accommodate these hopes and dreams. The *Cherished Hopes* program is here to help.

Who can apply for a Cherished Hope?

Residents and/or tenants residing in long term care facilities in North Dakota that are members of the ND Long Term Care Association.

How are wishes granted?

A committee will review the wish applications to determine eligibility and feasibility of providing funding for the wish. The ND Long Term Care Foundation reserves the right to grant or deny wish applications.

How are wishes funded?

Twice a year, during NDLTCA's convention and fall conference events, raffles are held to raise funds. Funds are also raised through basket draws.

A few wishes that have been granted to residents/tenants:

- Leg brace not covered by insurance
- Printer to print pictures of loved ones
- A pizza party with relatives
- Attend the Medora Christmas Musical
- A trip to Stump's Lake Thrashing Bee with friends
- A Refrigerator for resident's room
- New cowboy boots and western clothing
- Attend a bull riding event

Cherished Hopes is here to help.

Would you or your loved one be interested in....

A Relationship Hope: Reunite relationships whether through actual meeting, such as a family reunion, graduation or wedding or through the use of technology such as web cams.

A Lifelong Hope: Learning to play the piano, riding in a semi-truck or farm machinery because that was their job for many years, or attend a school reunion.

A Hope for Fun: Take a ride in a favorite sports car, learn to speak a foreign language, spend an afternoon bowling with friends or family, dinner and a limo ride, a trip to a casino, a visit to a spa, or a trip to a nearby lake to fish.

(These are simply ideas. Categories are not limited to what is listed above).
